VOCALOSITY is the all-new live concert event from the creative mind of artistic producer Deke Sharon (Pitch Perfect, The Sing-Off) that takes a cappella to a whole new level! This fast-paced production features an all-star ensemble of diverse young vocalists singing some of today's chart-topping hits in brand-new arrangements that set a new standard for 10-part harmony.

No genre of music is off limits in the world of a cappella and VOCALOSITY covers them all – from tenth century Gregorian chant and classical choral to barber shop quartet and bouncing doo-wop all the way to an exploration of the current sound of a cappella with music from The Beatles, Bruno Mars and more. Combine that with direction and choreography from Sean Curran (Stomp original cast member) and you have an exhilarating evening of song unlike anything you've ever seen or heard, live on stage.

It's the aca-perfect concert experience!

The cast of Vocalosity will be available in the foyer after the performance to sign programmes and pose for photographs.

The taking of photographs and the use of recording equipment of any kind during performances is strictly prohibited.

## A Note from Deke Sharon

In the beginning, there was only the voice. Like birds, crickets and whales, we can't help but sing, and as civilisations rose and fell, cultures grew and changed, vocal music has always been central. From gatherings around the fire at the end of a hunt, to soaring Gregorian chants echoing in vaulted cathedrals, to madrigals, barbershop and doo-wop, people have always had an innate desire to create harmony around the greatest music of their time. Vocalosity is a celebration of that tradition and an exploration of the current sound of a cappella, in hopes of introducing a new generation to the oldest music in the world and inspiring people of all ages to "Sing for your life!"

Vocalosity is my dream team, an all-star ensemble of diverse young singers each with a unique style and personality that sets a new standard for ten-part harmony. Most vocal groups aspire to create one sound and style, homogenizing the character of their singers, but this group is the exact opposite, weaving a variety of tapestries from different combinations of voices and characters.

We hope Vocalosity inspires you to sing. If you'd like to start your own group, visit <http://acappella.how/> and don't hesitate to reach out to me if I can help at [deke@dekesharon.com](mailto:deke@dekesharon.com)
